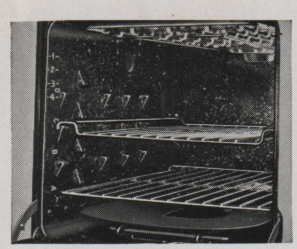
The Studio

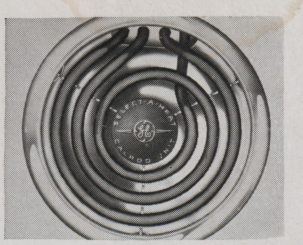
MODEL AP1-46A8

RANGE *The Studio* MODEL AP1-46A8



FULL CAPACITY OVEN

Two units—Calrod lower, open coil upper—for flexibility, economy, speed. Holds complete meal for 12. Sliding non-tip shelves.

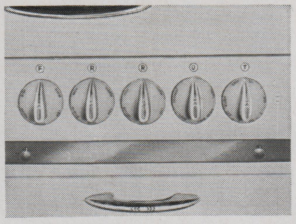


5-HEAT CLEAN-SPEED CALROD

A heat for every cooking need. One giant, two utility units—super-fast, self-cleaning, durable. Easy-out aluminum pan under each unit.

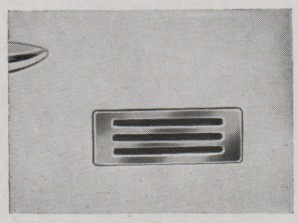
OPEN-COIL BROILER UNIT

Large aluminized-baffle broiler unit gives fast, even broiling. Waist-high, no stooping. Large, deep broiler-roaster pan and rack.



HI-VISIBILITY PANEL

Switches, oven temperature control, appliance receptacle and pilot light conveniently arranged on easy-to-see front panel. Smart appearance.



NO-STAIN OVEN VENT

Exclusive G-E feature. Controls oven vapors. Helps keep kitchen walls and curtains clean. Maintains proper humidity in the oven.

EFFICIENT OVEN INSULATION

Oven heavily insulated on all six sides with mineral insulation. Holds heat in oven for better results and greater economy.
